

## Public Information Meetings

*For more information about the project, visit  
<http://nrc.seminoleenergy.com> or call  
Jason Farnsworth at 308.995.8706.*

Nebraska Resources Company, LLC proposes to construct a 150-mile-long natural gas pipeline from the Clay Center area to the Columbus area. This pipeline will provide additional natural gas for an area that is underserved. Nebraska Resources Company is hosting two public meetings to provide information and get feedback regarding this project.
